VISITOR ANALYSIS

MR. QIU FROM SONGJIANG, SHANGHAI

As an entrepreneur in water sports industry, I come and visit The Lifestyle Show every year. What impressed me most this year is the extraordinary popularity on the spot, which was beyond my expectation. Especially in water sports, there were many fans and practitioners on the spot, which made me feel that the water sports industry is with huge potential. I had some in-depth negotiation with exhibitors on the spot today which was beneficial. I want to thank the organizers for setting up such a platform for us.

MR. CAO FROM NANCHANG, JIANGXI

I could be a witness of Lure's development in China since I have been engaging in Lure Fishing industry for several years, changing from an overseas E-commerce agency to an entrepreneur. In the past, there is no real Lure exhibition in our country. The interaction between products and visitors are lost in traditional fishing exhibition but this show is one that breaks the routine. All the products are totally designed from the user's perspective and you can experience them on the spot. I hope that this tradition of Shanghai Lure Fishing Show can be continued and makes a positive impact on our Lure industry.

MS. CHEN FROM SHENZHEN, GUANGDONG

This is the first time that I came to this show recommended by my friends. I am a fan of outdoor sports and this is the first time that I saw so many professional outdoor sports gathered in the exhibition. Outdoor sports like water sports, Lure, off-road and military sports are all very interesting to me. I will try those kinds of sports with my club friends in the future. The atmosphere of the scene was great. I hope that more and more outdoor sports can be included in the show and I hope the

The popularity of this year's Lure show is far beyond our expectation, which proved the professionalism and influence of the organizers. We are lucky to see the different innovations of the show every year. Shanghai Lure Fishing show is different from many traditional static exhibitions. It contains more interactions and we also set up many entertaining activities in our area, which achieved dynamic communication with visitors. I want to thank the organizers for setting up such a meaningful platform for all the Lure fans and giving people a deeper understanding of Lure sports. I am looking forward the next session!

-Mr. Luo Lei, Deputy General Manager of Greater China

Shanghai Shanshuimeng Information Technology Co., Ltd

It is the first time for us to participate in Shanghai Homestay Tourism Show and we brought Wilderness Camp series products. We have felt the attraction of the show this time. We met nearly 1,000 potential clients, which contributed a lot for Shanshuimeng to opening domestic market. We have seen various elements like tourism and water sports in the show which made the show more diversified. I am looking forward to having long-term cooperation with Shanghai Homestay Tourism Show and a development in sustaining innovation!

- Mr. Li Xiaofei, Founder

Haining Jufeng Motor Sales and Services Co., Ltd.

This year's exhibition is much more popular compared to previous sessions, and I met a lot of old friends here. We are glad to see that there are so many people in our country accepting and getting interest in RV camping gradually. We appreciated it that The Lifestyle Show could build such a platform for lovers. At the same time, I hope that more people could join us in RV camping and bring this healthy activity into our society to provide more people with the chance to experience and enjoy it.
